

Stop Losses Quickly!

The Instant Eyewitness...
 ...Now you can respond fast to **catch** intruders!!!

Video Security Unplugged!

EMPOWER Your Surveillance

Halo SiteGuard enhances sophisticated surveillance systems, acting as "remote sentries" that can be located anywhere, providing instant video alerts of intrusions. Once alerted, site managers or guard staff can use the power of their megapixel pan/tilt/zoom cameras and surveillance system to coordinate incident response.

Portable Remote Sentries

The portable battery powered Sentry (PIR motion sensor with integrated camera and illuminators) can be installed anywhere; often mounted on portable stands (pipe in a concrete-filled bucket) that can be picked up and moved around as the situation demands - no trenching, no wires. The integrated PIR motion sensor detects intruders in storms and blizzards, ignoring the rain or snow.

VIDEO SECURITY UNPLUGGED

- No AC Power
- 2 year Battery Life
- Weatherproof (-20°/+60°C -10°/+140°F)
- Totally Wireless Operation
- Instant Installation
- Video Alarm sent over Cell Network to Monitoring Station
- Eliminate Alarm Fines

Integrated GPRS Cell Module Communicator

Self Powered (Up to 2 year battery life)

Control Panel

Halo SiteGuard System

Outdoor Camera

Optional Outdoor Siren

Keypad

Control Panel

- Entire system operates outdoors on batteries for up to 2 years
- Up to 24 cameras on a single system
- Night illumination out to 4,5 meters (14 feet)
- Motion Sensing up to 12 meters (40 feet)
- Instant wireless installation anywhere
- Wireless RF range between Cameras and Panel up to 600 meters (2,000 feet)
